Almond Oil

Oils

Almond-derived oil with a gentle, nutty character. Food and cosmetic grades have different intended uses.

Ways to use

- For an edible-labelled grade: dressings, finishing or baking
- For a cosmetic-labelled grade: label-directed personal care

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Derived from almonds (tree nuts). Check the label for the full ingredients and intended grade.

Storage: Close the bottle after use and keep it away from heat and direct sunlight. Follow the pack's storage instructions.

Pack sizes and prices

100 ml - INR 320

250 ml - INR 725

500 ml - INR 1,450

1 L - INR 2,900

Black Mustard Oil

Oils

Mustard oil with a pronounced aroma and pungent flavour, suited to dishes where mustard is part of the taste.

Ways to use

- Traditional sabzi and curries
- Pickling recipes
- Mustard-flavoured marinades

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Check the pack for the complete ingredient list and any allergen information.

Storage: Close the bottle after use and keep it away from heat and direct sunlight. Follow the pack's storage instructions.

Sesame Oil Pooja

Oils

A sesame-oil product specifically listed for pooja use, separate from the cooking-oil entries.

Ways to use

- Lighting a suitable pooja lamp
- Ritual use according to the product label

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Check the pack for the complete ingredient list and any allergen information.

Storage: Close the bottle after use and keep it away from heat and direct sunlight. Follow the pack's storage instructions.

Pack sizes and prices

500 ml - INR 120

1 L - INR 230

Prices updated: 14/10/2026, 3:31:11 am IST

Sunflower Oil

Oils

Sunflower-seed oil with a generally mild character, useful when the dish's other ingredients should lead the flavour.

Ways to use

- Everyday cooking
- Baking
- Mild dressings and marinades

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Check the pack for the complete ingredient list and any allergen information.

Storage: Close the bottle after use and keep it away from heat and direct sunlight. Follow the pack's storage instructions.

Pack sizes and prices

500 ml - INR 270

1 L - INR 540

Walnut Oil

Oils

Walnut-derived oil with a nutty character. Food and cosmetic grades should be used as labelled.

Ways to use

- Salad dressings for an edible grade
- Finishing cooked vegetables
- Label-directed personal care

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Derived from walnuts (tree nuts). Check the label for the full ingredients and intended grade.

Storage: Close the bottle after use and keep it away from heat and direct sunlight. Follow the pack's storage instructions.

Pack sizes and prices

100 ml - INR 290

250 ml - INR 690

Wood Pressed Oil

Oils

The name describes a wooden-press extraction method. It does not identify the seed used for this particular entry.

Ways to use

- Cooking according to the seed and edible grade stated on the pack
- Choosing a pressing method you prefer

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Check the pack for the complete ingredient list and any allergen information.

Storage: Close the bottle after use and keep it away from heat and direct sunlight. Follow the pack's storage instructions.

Pack sizes and prices

1 L - INR 240

Prices updated: 14/10/2026, 3:31:11 am IST

Yellow Mustard Oil

Oils

A gentler mustard-flavoured oil than black mustard oil, for cooking where a milder aroma is preferred.

Ways to use

- Everyday vegetable dishes
- Curries and marinades
- Pickling recipes

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Check the pack for the complete ingredient list and any allergen information.

Storage: Close the bottle after use and keep it away from heat and direct sunlight. Follow the pack's storage instructions.

A2 Cow Ghee

Ghee

Cow-milk ghee from our own gaushalas. A2 refers to a milk-protein type; it is a sourcing description rather than a separate cooking method.

Ways to use

- Tadka and dal
- Finishing rotis or rice
- Indian sweets and baking

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Made from cow's milk; contains milk. Our ghee comes from our own gaushalas.

Storage: Use a clean, dry spoon and keep the container closed, away from heat and moisture. Follow the pack's storage instructions.

Pack sizes and prices

200 ml - INR 400

500 ml - INR 1,000

1 L - INR 2,000

Prices updated: 14/10/2026, 3:31:11 am IST

Gir Cow Ghee

Ghee

Ghee from the milk of Gir cows cared for in our own gaushalas, for traditional cooking and finishing dishes.

Ways to use

- Tadka and vegetable dishes
- Rotis and rice
- Halwa and other sweets

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Made from cow's milk; contains milk. Our ghee comes from our own gaushalas.

Storage: Use a clean, dry spoon and keep the container closed, away from heat and moisture. Follow the pack's storage instructions.

Pack sizes and prices

500 ml - INR 1,100

1 L - INR 2,200

Honey Jamun

Honey

Honey named for the jamun floral source. We place hives near the source flowers; the honey's flavour is not created with artificial flavouring.

Ways to use

- Drizzling over breakfast
- Sweetening drinks
- Dressings

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Honey from our farm beekeeping; no artificial flavour added. Natural floral-source descriptions are not added flavours.

Storage: Keep the jar closed and use a clean, dry spoon. Colour, texture and crystallisation can vary naturally; follow the pack's storage instructions.

Pack sizes and prices

250 g - INR 240

700 g - INR 620

Prices updated: 14/10/2026, 3:31:11 am IST

Honey Kashmiri Malta

Honey

Honey named for the Kashmiri malta floral source, from our farm beekeeping. No artificial flavour is added.

Ways to use

- Breakfast toppings
- Sweetening drinks
- Citrus-style dressings

Preparation: Use the pack's preparation directions for this specific product.

Ingredients: Honey from our farm beekeeping; no artificial flavour added. Natural floral-source descriptions are not added flavours.
